STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Allenstown in the County of Merrimack in said State, qualified to vote in the Town Affairs:

You are hereby notified to meet at the Fire Station in said Allenstown, on Tuesday, the fourteenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To see if the Town will vote to adopt the provisions of chapter 171-A of the Revised Laws relative to playing games of beano in this town.

3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

4. To hear and act upon the report of the Town Budget Committee.

5. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

6. To see if the Town will vote to give a one percent (1%) discount on all 1950 taxes paid within thirty (30) days after the tax rate is approved.

7. To see if the Town will vote to pay the Collector of Taxes a salary in an amount equal to one percent (1%) of the amount actually collected by him and turned over to the town treasurer during the fiscal year.

8. To see if the Town will vote to petition the State Tax Commission to have an audit made by the Division

of Municipal Accounting and to make an appropriation to over the expense of such audit; this vote to remain in full force and effect until it is rescinded or changed at some future town meeting.

9. To see if the Town will vote to raise and appropriate the sum of Five Hundred (\$500.00) Dollars for the construction of a new bridge on the New Rye Road.

10. To see if the Town will vote to raise and appropriate the sum of Two Hundred Eighty-four Dollars and Fifty-eight Cents (\$284.58) for the maintenance, construction or reconstruction of Class V highways, thereby receiving State aid for said highways.

11. To see if the Town will vote to raise and appropriate the sum of Four Hundred (\$400.00) Dollars for continuing the control of white pine blister rust in co-operation with the State Forestry and Recreation Department, thereby receiving the usual State aid.

12. (By petition) To see if the Town will vote to raise and appropriate the sum of Five Hundred (\$500.00) Dollars to oil Sunset Avenue, from Main Street to the end of the street.

13. (By Petition) To see if the Town will vote to raise and appropriate the sum of Five Hundred (\$500.00) Dollars to oil Hamel Avenue, from Cross Street to School Street.

14. (By Petition) To see if the Town will vote to raise and appropriate the sum of Five Hundred (\$500.00) Dollars to oil Theodore Avenue, from Cross Street to School Street.

15. (By Petition) To see if the Town will vote to raise and appropriate a sum of money to install and maintain a street light on Hamel Avenue, on pole number 2.

16. (By Petition) To see if the Town will vote to raise and appropriation a sum of money to construct a cement sidewalk on the north side of Webster Street, from the house owned by Jane Perry to the end of the street.

17. (By Petition) To see if the Town will vote to raise and appropriate the sum of One Thousand (\$1,000.00) Dollars to construct a skating rink in the Town Park.

18. (By Petition) To see if the Town will vote to raise and appropriate the sum of Five Hundred (\$500.00) Dollars to grade and gravel Al's Avenue from Main Street to the home of Raoul Courtemanche. Said street being located opposite Sunset Avenue, on the easterly side of Main Street, and having been accepted by the Town in 1949.

19. (By Petition) To see if the Town will vote to accept a deed, from Hector P. Stokes and Armand Menard, to a strip of land Thirty-five (35) feet in width, beginning at Main Street and running N. 60° 35' W. approximately Five Hundred (500) feet, as laid out on a Plan of Lots of Hector P. Stokes and Armand Menard; and to use and maintain said land as a Town street.

20. (By Petition) To see if the Town will vote to raise and appropriate the sum of Five Hundred (\$500.00) Dollars for the maintenance of the Ferry Street Baseball Field.

21. (By petition) To see if the Town will vote to raise and appropriate the sum of Four Thousand (\$4,000.00) Dollars for the construction of a sewer on River Road, beginning at the Suncook River, in front of the home of Robert Clement, and running easterly on River Road a distance of Twenty-three Hundred (2300) feet.

22. (By Petition) To see if the Town will vote to raise and appropriate the sum of Four Hundred Fifty (\$450.00) Dollars for the construction of a sewer on Al's Avenue, beginning at Main Street and running to the house of Raoul Courtemanche.

23. To see if the Town will vote to appoint a committee of five to assist the Selectmen in laying out a proposed street, between Ferry Street and Canal Street, where the tracts of the Suncook Valley Railroad formerly were located.

24. To hear the reports of auditors, agents and committees or officers heretofore chosen, and to pass any vote relating thereto.

25. To transact any other business that may legally come before said meeting.

The polls will be open until six o'clock in the afternoon.

Given under our hands and seal, this twenty-third day of February, in the year of our Lord nineteen hundred and fifty.

REGINALD A. COURTEMANCHE,
OVILA GAMACHE,
WILLIAM L. BAILLARGEON,
Selectmen of Allentown.

A true Copy of Warrant—Attest:

REGINALD A. COURTEMANCHE,
OVILA GAMACHE,
WILLIAM L. BAILLARGEON,
Selectmen of Allentown.

REPORT
of an Audit and Examination of the Accounts
of the
TOWN OF ALLENSTOWN
For the Fiscal Year Ended December 31, 1949
made by
The Division of Municipal Accounting
State Tax Commission
January 4-6, 1950

Division of Municipal Accounting
State Tax Commission
Concord, New Hampshire

February 1, 1950

Board of Selectmen,
Allenstown, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual audit and examination of the Town of Allenstown for the fiscal year ended December 31, 1949, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

Scope of Audit

Included in the audit and examination were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk and Trustees of Trust Funds.

Financial Statements

Comparative Balance Sheets—Dec. 31, 1948-Dec. 31, 1949: (Exhibit A)

Comparative Balance Sheets as of December 31, 1948 and December 31, 1949, are presented in Exhibit A. As indicated therein the Surplus decreased by \$1,527.91 during the year 1949.

Analysis of Change in Financial Condition: (Exhibit A-1)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-1, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits B and C)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1949, are presented in Exhibits B and C. As indicated by the budget summary (Exhibit C), a net overdraft of appropriations of \$2,116.40, less a net revenue surplus of \$1,635.04, resulted in a net budget deficit of \$481.36.

Summary of Receipts and Expenditures: (Exhibit D)

A summary of receipts and expenditures for the fiscal year ended December 31, 1949, made up in accordance with the uniform classification of accounts, is included in Exhibit D. Proof of the Treasurer's balance as of December 31, 1949, is indicated in Exhibit D-1.

Audit Procedure

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record.

Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

General Comments

Overdrafts of Appropriations:

The Town of Allenstown has adopted and operates under the provisions of the Municipal Budget Law (Chapter 52, Revised Laws of New Hampshire). Section 5 of the Municipal Budget Law provides as follows:

"5. Exceeding Appropriations. In towns adopting the provisions of this chapter, no board of selectmen, school board, or other spending agency shall pay or agree to pay any money or incur any liability involving the expenditure of money for any purpose for which an appropriation has not been made, or in excess of any appropriation or allotment made to it except for the purpose of paying judgments rendered against a town or school district, provided, however, that in case of sudden and unexpected emergency the selectmen may on application to the tax commission and the school board on application to the state board of education after hearing be given a certificate of emergency authorizing them to make such expenditure or incur such liability; provided, further, that in cases arising during the year following a town meeting where changes occur which make it unnecessary to use the amount appropriated for a specific purpose, an unexpended balance may be transferred by boards of selectmen or school boards from one appropriation to another, provided the total amount expended for all

purposes does not exceed the total appropriated at town or school meetings for all purposes."

Exhibit C indicates a net overdraft of appropriations in 1949 of \$2,116.40. It must be stated, therefore, that contrary to the provisions of this section of the Municipal Budget Law, (1) total expenditures exceeded budgetary appropriations, and (2) no application was made to the Tax Commission for authority to exceed appropriations.

In this connection it is recommended that the budget committee give careful consideration to the matter of the costs of required and essential services when the budget is prepared this year. Appropriations should be adequate in amount to cover necessary expenditures.

Conclusion:

The accounts of all town officers which we examined were found in good condition and the accounting procedure, with exceptions as herein noted, conformed to the uniform system prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Allentown for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER,

Director

Division of Municipal Accounting
State Tax Commission

ALAN R. MATTHEWS, Auditor

HUGH J. CASSIDY, Accountant

Division of Municipal Accounting

State Tax Commission

Concord, New Hampshire

February 1, 1950

Certificate of Audit

This is to certify that we have audited the accounts and records of the Town of Allenstown for the fiscal year ended December 31, 1949, and, subject to exceptions as noted in the report, found them to be in good order. In our opinion the Exhibits included herewith reflect the true financial condition of the town, together with the results of operations for the fiscal year ended December 31, 1949.

Respectfully submitted,

HAROLD G. FOWLER,

Director

Division of Municipal Accounting

State Tax Commission

ALAN R. MATTHEWS, Auditor

HUGH J. CASSIDY, Accountant

REPORT OF FOREST FIRE WARDEN

Forest Fires—Our Most Shameful Waste

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economics by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION — fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
2. Securing the required written permit from the warden when the ground is not covered with snow.

3. Insisting that others be careful and comply with burning requirements.

4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

1949 FIRE RECORD

Number of Fires	2
Acreage Burned	25½
Number of Fire Permits Issued	19

ESDRAS LAVALLEE,
Forest Fire Warden.

THOMAS J. KING,
District Chief.

REPORT OF SUPERINTENDENT OF SCHOOLS

Allenstown, N. H.

To the School Board of Allenstown :

It is with considerable pride that I present to you my third annual report of the schools of Allenstown. I would like to express my appreciation and thanks to all organizations and individuals that have supported so wholeheartedly the policies which have extended a far-reaching influence, not only upon the community, but also upon other communities as well. May this continued cooperation prevail through the year ahead when education will be discussed quite carefully especially from the standpoint of increased enrollment.

School costs have increased to a very marked degree during the past five years along with other town and community costs. Many taxpayers have not been sufficiently informed of the necessity of this increase because of the complex changes in our educational development as well as the changes made in the accounting system set up to meet these conditions.

It seems to me, therefore, that an effort should be made to understand just where the money is spent and why this educational growth in these United States requires more and more of the tax dollar. And in order to understand this situation the accounting system must be studied so that every citizen will know just where all monies are tabulated and why they are so handled. Our accounting system of the school districts of the state is divided into items. As the money is spent, it is classified under certain items which have been satisfactorily set up by the State Department of Education and approved by the State Tax Commission. Not all items are used every year by every district and sometimes certain items are not used for several

years. However, those items which do receive the closest attention should have the understanding of every taxpayer in the town. Therefore, as briefly as possible, let us study these items separately.

Under the title of *Administration* we classify the following items:

Salaries of District Officers. This item includes the salaries of the district moderator, clerk, school board members, treasurer, and auditor.

Superintendent's salary — local share. This item includes that part of the superintendent's salary which has been apportioned to the district by the state and set up by the Supervisory Union at its annual meeting in May.

Per Capita Tax — State Wide Supervision. This amount is based on the number of pupils attending school both in the elementary grades and the secondary grades. For the coming year this amount is fixed by the state and the number of children at \$166.00, or 83 pupils. The amount is figured at \$2.00 per pupil and sent to the treasurer of the State sometime before the close of the year in December, 1950.

Salaries of Other Administrative Personnel. This item includes the salaries or wages paid to clerks, stenographers, office assistants, telephone operators, etc. if any, who assist the administrative officers. It also includes the salary of the truant officer and the cost of taking the school census or annual enumeration of the children of the town.

Supplies and Other Expenses. In this item is recorded expenditures for travel, if any, telephone, supplies and materials used in the administration of the schools as well as freight and cartage thereon. Usual supplies are ink, pencils, carbon paper, printed forms, vouchers, ledgers and similar books, and other material

which when once used are actually consumed or do not usually last but a short period of time.

Under the title of *Instruction* we classify the following items:

Salaries of Teachers and Principals. In this item is recorded the salaries of supervisors, headmasters, principals, teachers, librarians, visiting teachers, and all other workers who devote at least one-half of their time to instructional activities. Herein is also included supervisors of such subjects as art, music, and drawing. Where principals divide their time between elementary and secondary schools, the cost of the service should either be pro-rated on the basis of the time given to each service or school, or charged to the school unit to which the major portion of time is devoted. Also include all withholdings either for the state or federal government.

Books and Other Instructional Aids. In this item is recorded the cost of books furnished to the pupils. Include the costs of purchasing of films, film strips, pictures, charts, maps, phonograph records, sheet music, globes, small musical instruments, and other instructional aids that last more than two years. If a particular workbook is used as a textbook over a period of several years it should be considered a textbook for accounting purposes.

Scholars' Supplies. Record here supplies used by pupils or by instructional staff in the teaching program. Supplies are those items which when once used are actually or constructively consumed, including workbooks, tests, chalk, ink, pencils, pens, fasteners, carbon paper, rubber stamps, typewriting supplies, magazines, newspapers, test tubes, litmus paper, polishing supplies, drugs, chemicals, cleaners, food and laboratory supplies. Freight and cartage on supplies should also be included.

Salaries of Clerical Assistants. Salaries of clerical assistants assigned to supervisors, principals, headmasters, and other instructional staffs.

Other Instructional Expenses. Here is included expenditures for diplomas, commencement exercises, assembly speakers, repair and replacement of maps, reference books, flags, flag ropes, flag staffs, rentals of instructional materials, testing services, travel, and telephone service. Freight and cartage are also included here.

Under the title of *Operation of School Plant* we classify the following items:

Salaries of Janitors. Record here the salaries of janitors, engineers, and helpers. This includes the regular work of cleaning, heating and cost of moving equipment performed by the janitors or their helpers.

Fuel or Heat. Record here all fuel or heat as well as freight, cartage and other expenses of delivery, if any.

Water, Light, and Other Expenses. This item includes water, light, and power for the operation of ventilating equipment, but **not** power for the vocational and science departments. Include building and janitor's supplies, which are consumed in using, or not expected to last from year to year such as light bulbs, toilet supplies including soap, paper cups and towels, sweeping compounds, brooms and mops.

Under the title *Maintenance of School Plant* we classify the following items:

Repairs and Replacements. Here is reported materials for resurfacing floors, painting, replacing broken windows, etc. and all repairs to mechanical equipment such as plumbing, heat, light, ventilating, and repairs to pipe lines, pipe line tunnels between buildings and

to service system such as central heating plants. Include repairs and replacements of equipment not built into the building such as desks, chairs, typewriters, and all special equipment for commercial, agricultural, home economics, and trade subjects. Include charges for labor not performed by the regular janitorial staff.

Under the title *Auxiliary Activities* we classify the following items:

Health Supervision. Here are recorded all expenditures for medical, dental, and nurse service in the nature of inspection, treatment, weighing, etc. which is not direct instruction. Include all supplies, travel, conferences, and other expenses including salaries paid to nurses and their helpers.

Transportation. We include here expenditures for transportation of pupils furnished by privately or publicly owned or maintained systems. We include bus or car fares paid by the district, but exclude all amounts spent for capital outlays for new equipment, if any.

Tuition. Include all tuition payments and all charges which take the place of tuition. This item is one of the largest items in the budget and includes all monies spent for boys and girls who attend high school. During the past few years this item has increased very fast because of the increase in the number of children in the town and who wish to attend secondary school. The rate of tuition is fixed either by the school to which the pupils are sent or the State Department of Education through the State Average cost of both instruction and operation. It is, therefore, important to know that the School Board of Allentown and any other town must meet conditions set up for them when drawing up the budget each year.

Special Fund Activities. Here we include expenditures for other auxiliary agencies such as school lunch

programs, athletics, class and organization dues, shop supplies, home economics supplies, and training programs.

Under the title of *Fixed Charges* we classify the following items:

State Retirement — District's Share. Here are recorded all payments of the district's share to the Teachers' Retirement Board and the State Employees' Retirement Board. In this district this includes the retirement fund for the teachers and the superintendent.

Insurance, Treasurer's Bond, and Expenses. Include here payments for insurance, treasurer's bond, bonds for other personnel, rent of buildings for school purposes, pensions, membership fees, taxes, etc.

Under the title of *Capital Outlay* we classify the following items:

Lands and New Buildings. Include expenditures such as cost of land, surveying, appraisements, deeds, special legal service, architect's fee, grading, cost of new walks, fences, drives, building including heating, lighting, ventilation, and plumbing, and any other installation cost that forms part of the new building.

Additions and Improvements to Property. Included here are expenditures for adding new facilities, such as additional classrooms, auditorium, gymnasium, flag poles, athletic fields, playgrounds, grading, or completion of unfinished portions of a building. Include all repairs and alterations which increase the value or efficiency of the property.

Equipment. Include the purchase of all equipment made prior to the opening of a new school building or department. Include new units and the increased value of the equipment over replaced equipment. The lifetime of the new equipment to be recorded here must

extend over a period of years for such items as portable blackboards, bookcases, chairs, desks, filing cabinets, refrigerators, manual training machinery, work benches, motion picture machines, pianos, sewing machines, science equipment, school buses, fire extinguishers, and typewriters. Include all equipment purchased for administrative use.

Payments into Capital Reserve Fund. Include all monies appropriated under special articles in the warrant for capital reserve funds. This means any monies for future building or sale of old buildings or land for the purpose of building new schools or additions to schools. When the money is reserved for a special job as a capital payment it is held in this item.

Under the title *Debt, Interest and Other Charges* we classify the following items:

Payments of Principal of Debt. Include here payments of bonds and notes. **Do not** include payments upon overdue current bills or debts contracted by the school board without the authority of the district. Include only the payments of legal obligations of the district.

Payments of Interest on Debt. Include all interest payments on debts contracted by the district. **Do not** include payment of interest for overdue current obligations.

It has been my purpose to make the taxpayers of the town a bit more conscious of the system by which the school board and the superintendent work out the problems and pay the bills with the money appropriated for the administration of the schools. If this data has been of some use, it will have accomplished its purpose and you will understand and be in a better position to vote and discuss the problems of the schools.

It is a pleasure to report that the schools of Allentown have continued to be regarded as among the best. For this continued record may I thank the graduates who have made such excellent progress, the teaching staff for its untiring confidence in the youth of the schools, and the School Board for its encouragement and cooperation in our efforts to make the Allentown school a living monument of the town.

Respectfully submitted,

MURRAY H. WATSON,
